

As a Current Academic Subscriber to TGIF did you know?

- ✿ Have you added records for TGIF's aggregated content to your catalog and or list of electronic resources? A 'Librarian's list of these materials, with full title histories, moving walls, OCLC records, etc. is available at: <http://tic.msu.edu/pubjrnlbrowselib.xls>
- ✿ For hands-on training or instructional sessions, a short term license "bump-up" of the campus-wide logon is possible. Please notify TIC at least one week in advance if you would like to use the option for instructional or training purposes (by phone (800) 446-8443 or e-mail: tgif@msu.edu)
 - The number of simultaneous users cannot exceed 15.
 - If you selected the IP range option at the time of your subscription, the machines used for the training/instruction must be in the defined IP range for the institution.
 - It would be very helpful to call us prior to the event (or earlier the same day) just to be sure that everything is running smooth from both sides.
 - A 2-page "Getting Started with TGIF" handout which can be useful in orientation sessions is available at http://tic.msu.edu/Getting_Started_TGIF.pdf
 - Note that the bump-up is only available for the "campus-wide" sub account; not for the "full" sub accounts (single user with password) associated with an institutional subscription.
 - You may wish to review the "FAQs & Hints for Searching" (<http://tic.msu.edu/hints.html>) materials with your trainees.
- ✿ TGIF entries for monographs, when there is an OCLC number(s), are linked to WorldCat thereby identifying your local holdings if you are an OCLC library or the closest library with a copy based on zip code geography.
- ✿ Have you added information to your catalog record for the *Beard's Turfgrass Encyclopedia for Golf Courses, Grounds, Lawns, Sports Fields* that entry-level content is listed within TGIF?
- ✿ RSS feeds are now available for
 - The TIC blog
 - USGA Turfgrass and Environmental Research Online
 - Monthly referred additions to TGIF
 - With more to follow
- ✿ A toll-free 800 line is provided for technical support/service requests (USA & Canada only) for use by the institutional contact and designated subaccount individuals.
- ✿ Do you circulate *The Sward* newsletter to your turf-related faculty? TGIF materials, including printed publications and materials produced from online resources, may be reproduced for institutional use.
