Can You Contribute Copies of Your Material to TIC?

Help contribute something permanent and meaningful to future scholars, and ensure the future availability of important turfgrass literature – consider donating copies of your periodical to TIC.

To do so, we need to be receiving your periodical on an on-going basis (print or electronic), and we will also need back issues to build a print archive for the industry.

Also, if you know someone who is cleaning out their office or basement, encourage them to consider sending any turf-related materials to us.

Thanks to all who have been doing this already! This cooperation matters and does help the entire turfgrass industry.

The material does not need to be organized in any particular way; we are able to sort it once it arrives. No matter how many (or few) items you may have, we welcome the support. (Also note that your contribution may be tax deductible.)

More information on donating materials to TIC can be found at http://tic.msu.edu/needs.html

Materials donated can be sent to:
Turfgrass Information Center
Michigan State University Libraries
366 W. Circle Drive (10)
East Lansing, MI 48824-1048
