

Renovation of the Turfgrass Information Center took place during MSU's Spring Break in order to minimize disruption of on-site access and service. These photos illustrate the massive undertaking that was accomplished in short order with the generous help of many MSU Libraries staff.

**Renovation Scenes**

TIC Staff are now in a common area with comfortable amenities that facilitate communication and workflow.

**TIC Public Area**

**Turfgrass Information Center**

The newly renovated Turfgrass Information Center has a welcoming entrance and service desk to assist guests with their turf-related inquiries. The area is comfortable and inviting—a great place to explore turf-related topics for research, study, and scholarship.

**Student Workspaces**

Student workspaces have been streamlined and organized by task to improve materials processing.
